## LEVEL GREEN

Through the mercies of a kind and an indulgent Creator I am spending these pleasant days and nights with friends in Rockcastle's capital.

This is my first visit for seven long weary months. The old town looks very natural; but few small changes notable, and no large ones, upon the whole the old town holds to her ancient appearance and customs. Yes, O, yes, many new politicians have lately developed and come very prominently to the front in the last three months, but we are glad to note that the Congressional muddle as to Rockcastle has been amicably settled, tho' Gilbert deserved, and in a contest would have received first instructions, but we are of opinion that he'll receive the nomination at the convention in the face of all opposition:—"So mote it be."

Our farmers are the busiest set on earth just now, plowing corn, killing weeds and hoeing taters and garden truck generally. The small wheat crop in the Foller promises a good yield. Farmers should sow more wheat and raise bread at home; too much bread and meat shipped abroad—for prosperous grangers, such will always operate to the detriment of the farming class—yes, we'll learn by and by.

A. C. Sowder, wife and daughter, May, will "go West" in a few days visiting friends in Indian Territory, Kansas and returning by way of St. Louis to see the big show. Editor Albright has also gone to the fair this week and the devil (Will Davis) and I, with other help will run the SIGNAL.

So I'll ask my young friend, Joe Matt Craig, to tell us the cause of the war now going on between Russia and Japan, how far these powers are apart, their relative population, where is Port Arthur, Manchuria and Corea. How far does Russia have to transport her troops and what is her means of transportation, what kinds of governments are those? Now sir, when you answer these we'll propound more—for it is much easier to ask than to answer questions.

We think that none but practical questions should be asked, catches always avoided as they serve more to confuse than instruct.

Mr. Vernon is in good health, S. C. Davis, M. D., sells lots of drugs and is making oodles of money. He still holds his position and rank as the best conversationalist in the town. The lawyers and drs. seem to be taking a rest while all others are very busily engaged. The L. & N. trains both freight and passenger go through the old town regularly as in days of yore, the big Spout spring still gushes forth from the old hill where it has performed this duty to man, beast, bird and reptile for the last million or more of years and will, no doubt, continue to do until this planet freezes up, burns up or is blown out. That enterprising harness maker "Sam" Davis, has added machinery to his works—partly his own

invention—by which he is now enabled to furnish harness, bridles, saddles, etc. to the Russian army.

No preaching here last Lord's day. This reminds me of home. We certainly do need a lot of good preachers, either home-made or imported for service in Rockcastle. Why can not more of our young men prepare for the ministry? The medical and legal fraternities are over run, but a big lack is found in the Theological. Why is this when it is the most honorable profession on earth? Now if sufficient inducements were held forth to the young men of Kentucky, we'd soon see our pulpits filled with workmen worthy the name, but until congregations or churches quit starving their pastors the ministry will hold but a secondary place among the professions. All others are better paid than our religious teachers, yet no others deserve so much as they do. The preacher, a common or public school teacher, are today the two greatest moral factors on earth and they walk hand in hand for morality, law, order and christianity, looking for the larger part of their wages after a long credit. Come, let us work for a change.

Very truly,  
BUCK VARNON.

## A STRONG HEART

is assured by perfect digestion. Indigestion swells the stomach and puffs it up against the heart. This causes shortness of breath, palpitation of the heart and general weakness. Kodol Dyspepsia Cure cures indigestion, relieves the stomach, takes the strain off the heart and restores it to a full performance of its function naturally. Kodol increases the strength by enabling the stomach and digestive organs to digest, assimilate and appropriate to the blood and tissues all of the food nutriment. Tones the stomach and digestive organs. Sold by Chas. C. Davis, the druggist.

Great excitement was caused in Hickman by a crowd of five hundred citizens visiting the different places where intoxicants were sold in violation of the local option law and giving the proprietors a few hours to leave town. Two carloads of beer was confiscated at one place and shipped back to Evansville, Indiana. It was with difficulty that the crowd was restrained from doing violence to several insolent violators.

## WORST OF ALL EXPERIENCE

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala.: "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I am completely recovered." For liver, kidney, stomach and bowel troubles, Electric Bitters is the only medicine. Only 50c, it's guaranteed by all druggists.

## CRAB ORCHARD

Miss Jean Buchanan visited Miss Essie Burch last week.

Miss Jean Dick has returned from a visit to Lancaster.

Mrs. W. H. Furr, of Flat Woods, spent a night with Mrs. Patten during the strawberry season.

The strawberry supper, given on the 9th, by the ladies of the Baptist church, was quite a success.

Mrs. John Macarley, of Rowland with her daughter, Beulah, and bright little babe, Arthusa, visited Mr. and Mrs. Patten last week.

Miss Ella Holdam, who has had a long sick spell, we are glad to say is convalescent. She, and Miss Catherine Bronaugh are spending a few days at W. T. Holdam's.

George Thompson, of Pleasant Hill, Mo., who went home on the 22nd of May, on account of his daughter's sickness, has returned to Crab Orchard. His daughter died in New Mexico on the 5th Inst. and was brought back to her old home in Missouri to be buried.

Sanctified meeting is in full blast, hope much good will result, have not attended often, as our strawberry crop is on hand, and we, poor imperfect mortals, are so full of the old Adam, that we can't live on spiritual food alone, so have to prepare something for the physical body.

Buck Varnon asks if I did not state the arithmetical question wrong, that I asked a few weeks since, I don't remember how I stated it, I took it from an old newspaper, I have lost the paper. I will ask another question: Which is the heaviest, dry or moist air; will a body weigh the same in water that it will on land.

Elias Baker, of Gum Sulphur, took in the Camp-meeting Sunday, and took dinner with Mrs. Patten. Mr. Baker is having a hard time with some of the lowlived scoundrels in his neighborhood. They went to his pasture, took his mare out and cut off her tail and abused her in other ways, threw eggs on him as he came out the church door all because he is a good citizen and stands up for law and order.

Sorry to say our Sunday schools seem to be on the decline. Do any teachers meet with my experience? Have your class come in Sunday morning and begin to make excuses, for not knowing their lessons? One says he forgot his book, another couldn't find his, another hadn't time to learn his lesson, and who is to blame? It must be the mother, or some one who has charge of the child. If parents would take more interest in helping the child prepare their lessons than they do in dressing them up to go out, how much more satisfactory it would be to teachers, and much more good might be accomplished.

Clem Hatton, a young Bath county farmer, became insane over the Mormon religion and almost drowned his wife, claiming he was baptizing her in that faith.

## BRODHEAD

Miss Helen Thurmond has returned to Lancaster.

Robert Wilcox is in Knoxville this week on business.

Miss Ellen Butler is the guest of her cousin, Mrs. J. R. Cass.

A protracted meeting is now in progress at the Methodist church.

Mr. and Mrs. Craner and daughter, are again at the Albright Hotel.

Quite a crowd from this place attended the camp meeting at Crab Orchard Sunday night.

Mr. Joseph Dickerson and wife, of Glasgow, Ky., are visiting their brother, W. R. Dickerson.

Albert Albright came up from Lebanon Junction last week to meet his sister, Mrs. Owen Jarrett.

Mr. and Mrs. Will Watson, of Garrard, were in town last week the guest of his brother, J. F. Watson.

Miss Alma Clark has returned to her home at Ashville, N. C., after a months' visit to her uncle, Dr. J. M. Clark.

Will Krueger, of Mt. Vernon, and Minor Fish, of Livingston, were in town Sunday calling on two of our pretty girls.

Mrs. Sallie Magee and daughter, Miss May spent Sunday with relatives at Crab Orchard and took in the camp meeting.

Lester Hilton is holding down the wires at Crab Orchard this week and Charley Hurt has accepted the agency at Lilly.

The recent wet weather has thrown the farmers considerably behind with their work. Good farm hands are getting 75 cts. per day and still there is room for more. Miss Ethel Parker, of Virginia, is again with her sister, Mrs. Dr. Gravelly. Miss Ethel has a host of friends here who gladly welcome her return.

Mrs. J. R. Wallin and children, of LaFollette, Tenn., are here with friends and relatives for a short time. Mr. Jim Crank, of Hodge, Ky., was with friends and relatives at this place last week.

The timber it about all gone and the people will be compelled to turn their attention to farming and if this will be done with good judgment and a little energy our county will soon come to the front.

## STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds, to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c. and \$1.00.

Frank Mills Andrews, of Dayton, O., was selected as architect of the new Capitol building by the State Capitol Commission. The plans of the structure are expected to be in the hands of bidding contractors by September 20, and the first excavating will begin about December.

Mrs. J. L. Whitehead and her mother, Mrs. Green Clay Smith, went to Somerset Tuesday on business.

Mrs. J. D. Adkins is visiting her old home at Campbellsville, Ky.

Miss Rosalie Stout, the adopted daughter of the late Judge Stout, of this place, died at her aunt's home at Burnside last week. This completes the taking off of the whole family since February.

Mr. Frank Perkins, our jailer, fell last night and received severe injuries.

A party consisting of Drs. W. H. Parker, Wiley L. Jones, Capt. J. K. Watkins, David Kinner, Nick Daniel, A. J. Sullivan and John Lovitt, with wagons loaded with beds, clothing, stoves, meal, flour, bacon, molasses, coffee and perhaps some other eatables and drinkables, all left here Monday for Devils creek ostensibly to spend the week in fishing. We look for "Port Arthur" to fall before they return.

Chas. C. Davis, our popular druggist, asks the readers of this paper to test the value of Kodol Dyspepsia Cure. Those persons who have used it and who have been cured by it, do not hesitate to recommend it to their friends. Kodol digests what you eat, cures indigestion, dyspepsia and all stomach troubles. Increases strength by enabling the stomach and digestive organs to contribute to the blood all of the nutriment contained in the food. Kodol Dyspepsia Cure is pleasant and palatable.

In order to conform to the new Kentucky law prohibiting the education of whites and blacks, the trustees of Berea College are arranging for the transfer of their colored students to other institutions. The younger pupils will be sent to the colored public schools, and those of higher grades to Fisk University, Nashville, or some similar institution.

## MANAGER WANTED.

Trustworthy lady or gentleman to manage business in this county and adjoining territory for well and favorably known house of solid financial standing. \$20.00 straight cash salary and expenses paid each Monday by check direct from headquarters. Expense money advanced. Position permanent. Address Manager, 810, Como Block Chicago, Ill.

The paid attendance at the World's Fair during May was 542,028 and the admissions by pass aggregated 459,663, making the total attendance 1,001,391.

## CONWAY

Helm seems to be in the lead in this neck of the woods.

Mrs. J. J. Wood is visiting relatives in Barbourville this week.

A few from here took in the circus at Mt. Vernon last Friday.

U. S. Berry sold to W. H. Jones a nice bunch of sheep for \$2 per head.

Harvey Sigman and J. J. Wood lost two hogs by colliding with a train here this week.

The Sunday-school meets here at 10 o'clock a. m., instead of 9 o'clock p. m., as it has in the past.

The excursion trains to Cincinnati is not much benefit to us, no difference how bad we want to go they won't stop for us.

Mrs. D. C. Pullins sold an old time pitcher and some old brass candle-sticks to a traveling man for a good price. She also has in her possession a bottle of whisky 26 years old, and a jar of honey 13 years old. Wouldn't it be good mixed.—[The wonder is that Dave hasn't mixed it long ago.—Devil.

There is some talk of building a house for religious worship here this summer if a sufficient amount of money can be raised. Why not fix up the schoolhouse and use it? It is very much out of repair and a small outlay of money would fix it up in good shape and it would answer the purpose of church and schoolhouse for the present time.

When To Accept.—Discussing the all-important subject of proposals, the author of "How to Choose a Husband" remarks: "The first thing in choosing the husband is to realize what sort of man you ought not to choose. My advice to all girls is, first, to refuse at all hazards the man who proposes at a dance, because there is a glamour about a ballroom, and men often say at a dance what they wish unsaid the following morning. At picnics, what with washing up, carrying baskets and opening bottles, girls cannot only judge of a man's character, but it will be quite safe to accept a proposal made at one, especially if it is made before luncheon."

## DRIVEN TO DESPERATION.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c. at all druggists.

Mary had a little lamb,  
Perhaps you know she had,  
So I won't say no more because  
Mayhap 't would make you mad.

STRAYED.—A white boar hog, weight about 75 pounds, has been at my house since February 1st. Owner can have same by paying all damages and cost of publishing this article.

## FOR A HUNDRED YEARS.

For a hundred years or more Witch Hazel has been recognized as a superior remedy, but it remained for E. C. DeWitt & Co., of Chicago, to discover how to combine the virtues of Witch Hazel with other antiseptics, in the form of a salve. DeWitt's Witch Hazel Salve is the best salve in the world for sores, cuts, burns, bruises and piles. The High standing of this salve has given rise to counterfeits, and the public is advised to look for the name, "DeWitt," on the package, and accept no other. Sold by Chas. C. Davis, the druggist.

A pretentious person recently said to Col. Green, of Woodbury, N. J.: "How would a lecture by me on Mount Vesuvius suit the inhabitants of your town?" "Very well, sir; very well, sir; very well, indeed," answered the Col.; "a lecture by you on Mount Vesuvius would suit them a great deal better than a lecture by you in this town."

## HON. D. L. MOORE.

For county, is a candidate for Congress in the Eighth district, to succeed Hon. G. G. Gilbert, subject to the action of the Democratic party. Your support is earnestly solicited.

## HON. HARVEY HELM

Of Stanford, is a candidate for Congress in the Eighth district, subject to the action of the Democratic party.

## HON. G. G. GILBERT.

Of Shelbyville, is a candidate for Congress in the Eighth district, to succeed Hon. G. G. Gilbert, subject to the action of the Democratic party.

## FOR JAILER.

We are authorized to announce  
R. M. JOHNSON,  
as a candidate for Jailer of Rockcastle County, subject to the action of the Republican party.

The best of reports come in concerning Hon. Harvey Helm's race for Congress. In fact matters have assumed such a splendid shape that it looks like a certainty that he will be nominated on the first ballot at Shelbyville on the 28th. The democracy of this district could certainly not place the honor where it more properly belongs than to nominate a Lincoln's splendid young democrat. Make Mr. Helm the standard bearer and all will be well. —Inter- or Journal.

CONGRESSMAN FITZGERALD of New York, thinks the Democrats ought to promise the Filipinos immediate independence, instead of the "ultimate independence" contemplated by some. Gen. Miles says that an independent Philippine republic under our protectorate could be established in "two hundred days." Isn't this ultimate enough?

In the Merchant Marine Commission is frank and honest, it will report to Congress that a ship subsidy is an expensive luxury. James J. Hill testifies that the two merchant ships which he built as an experiment, the largest in the world, cost him one-third more than they would have cost in England. "I've had enough," he exclaims.

The largest summer school in the world will open at Knoxville Tenn., on June 29, for three months. It will consist principally of teachers from twenty-four States, and there will be 100 skilled lecturers on the various phases of educational work. The attendance last year was more than two thousand.

In winding up a column editorial on the congressional race the Richmond Register says: "There should be no difficulty in a choice between the two. Helm is the man; and we are certain the Democrat of Madison will say so at their precinct conventions June 25."

The national treasury seems to have slumped. Instead of a surplus of \$14,000,000, as Secretary Shaw promised, there will be a deficit of about three times that amount. For a season of "unexemplified prosperity," this is so depressing.

There are abundant indications that the people of the United States have come to the conclusion that a party that has had absolute control for eight years is sure to be corrupt and ought to be superseded.

JOSEPH W. FOLK, of Missouri, refuses to preside at the St. Louis convention. He knows full well that in that conspicuous seat the presidential lightning would have a good chance at him.

One day last week five bank officials in as many States absconded with large sums. Their friends generally announced that they were "unbalanced," merely because their books were.

The declarations of Messrs. Bryan and Hearst that they both cheerfully expect to support the candidate who may be nominated at St. Louis defines their status creditably and agreeably.

WHAT'S the matter with Justice Harlan for President? He insists that Congress follows the Constitution, and that to deny the right of trial by jury to a Filipino is a violation of all right?

The war in the Far East is progressing slowly. It seems that the Japs have bested the Russians on all points. Port Arthur will fall into Japanese hands within next thirty or sixty days; then the powers will step in and stop the war. The basis of settlement follows. This is the opinion of the writer who is assisting in getting out this issue of SIGNAL while the editor is away on a World's Fair jaunt.

## SCRAPS — (BY JET.)

Some men are never homesick except when they are at home.

The man who gets but frugal fare at home the whole year long. Grows loudest in the lunch cafe. When anything goes wrong.

Don't kill the birds. Even the crows should be allowed to live until the disappointed candidates are ready for them in November. — Indianapolis News.

The Old Consecration. — It may not be the richest gift. That comes with greatest love, but still it is the price-mark that the world keeps thinking of.

"I got outside or about three o'clock of 40-year-old rye on Saturday night," said Felix Feb. "and when I woke up Sunday morning it was Tuesday afternoon."

Advancing. — A little Alabama darkey put a playmate in a sack and sold him for forty cents. And still the Alabama papers believe that the negro cannot be civilized.

Congenial Employment. — Employment lengthens life, and congenial employment makes it happier. To be busily happy in making the utmost of one's capabilities is fullness of living.

Takes It All With Him. — "Well you can't deny that Mr. Rockefeller is a philosopher anyway."

"Why so?"

"He's taking the world as he finds it."

Ink and Powder. — Archibald: "Well, the pen is mightier than the sword."

Andrew: "Maybe it is. Say, I wrote a letter once that made a man chase me all over town with a gun."

A Proper Supposition. — "What was that animal that was half horse and half man?"

"The Centaur."

"Oh, yes, I suppose if he had been half donkey and half man he'd been a regular five cent dude."

Dyoll. — And so you don't believe your father thinks I'm such a bad sort of a chap?

Elinor: "Oh, no, I'm sure he thinks favorably, as I do, of your attentions, with the single eye of a best for his girl."

Nothing is really free in this world. Everything has its value and you have to pay for it. Don't deceive yourself about even such a thing as happiness. To obtain true happiness you have to pay kindness, cheerfulness and good-will to others.

Makes me fighting mad to see 'em as blest as they can be. Go a-growlin' round as though life is all a cloud of woe; Lookin' sulky all the while. When there ort to be a smile. Come! let's try to figger out. What you've got to kick about.

Many a young girl makes the mistake of thinking that because she would die for a man she truly loves him. In this restless, throbbing age it is necessary for her to ask herself in all seriousness, "Would I take in washing for him?"

"Of course," said the husband who made a specialty of manufacturing excuses, "the truth is bound to leak out some time."

"Yes," rejoined the other half of the matrimonial combine, "and I am inclined to believe that it all leaked out of you long ago." — EX.

The Early Bird: — "The early bird, 'tis said, will surely catch."

The Incious morsel that too early squirms; I choose a loaf a while myself, and eat.

Canary seed; I never liked the worms.

"To bed and rise at a becoming hour. Gives wisdom, health and wealth, in books we find; To stay up late and sleep till nine, day time, Gives something quite as good — that's a peace of mind."

—Mavis.

"Straight Goods." — Thirty-four anacondas have been born at the snake house of the New York Zoo. The keeper who reported this is known to be a teetotaler, so that the rest of the New Yorkers are reasonably certain they are real snakes. — Indianapolis Journal.

"We had a cow once that swallowed an almanac and gave creamed dates." — Kennebec (Me) Journal.

Thought They Were Tapers. — A servant girl was once given some macaroni by her mistress to prepare for the table. Noticing the girl's surprise, the lady asked:

"Didn't you cook macaroni a year or so ago?"

"Cook it? We used them things to light the gas with."

How It Happened. — "Fortune, you know, knocks at every man's door once."

"That explains it."

"Explains what?"

"How we came to miss her. Why in thunder doesn't she ring the bell! We never pay any attention to knocks."

"How high does a fly stand?" asked the observing gent, gazing intently at a number of the summer pests as they moved nimbly over the table.

And then he staggered the other members of the party, who essayed a guess, by answering his own query thusly: "Over six feet."

"Twenty minutes for refreshments!" bawled the conductor, as he passed down the platform.

The little girl with the blackberry preserves on her chin hailed him.

"You needn't stop the train on our account. We're going to eat in the car; that's what mamma says."

Material Faith. — "I always knew you did Jarve an injustice," said Mrs. B. "Some of the folks that was to town said he told 'em he was on the water wagon now."

"That's good news."

"Of course it is. He hauls water or the saloonists to water the 'trunks; besides it's a half victrola or the 'dry' people."

The Unlucky Apple. — "Twas the apple that in Eden caused our Fathers' primal fall And the Trojan war, remember — 'Twas an apple caused it all. So for weeks I've hesitated. You can guess the reason why. For I want to tell my Naunie She's the apple of my eye."

—[L. M. (D. L.) Oh, My.

An Improvement. — The owner of the new apartment house was exhibiting it to his brother-in-law, who was an architect.

"I had it built according to my own," he said, "and it's built for keeps. An earthquake wouldn't have any effect on it."

"That's a pity," said the brother-in-law. "An earthquake might improve it."

What He Heard. — An Irishman was called on to give evidence in a shooting affray.

"Did you see the shot fired?" asked the magistrate.

"No," replied the witness, "but I heard it."

Magistrate (sharply). — That is not satisfactory. Go down.

As the Irishman turned his back he commenced to laugh, but was rebuked by the magistrate, who added that it was contempt of court.

Pat: — Did you see me laugh? Magistrate: — No; I heard you. Pat: — That's not satisfactory. And the court laughed.

POLITICS AND POLITICIANS

The reports from county conventions in Texas indicate that the Parker forces have captured a large majority of the delegates. Although many counties elected instructed delegates it is practically certain that a Parker delegation will be sent to the National Convention at St. Louis.

Judge L. E. Mann, of Morehead, has withdrawn from the race for the Democratic nomination for Congress in the Ninth district.

State Democratic conventions in Mississippi and Arkansas have instructed their delegates to vote for Judge Parker for President.

County Attorney Dennis Dundon, of Bourbon county, has announced his candidacy for the office of County Judge.

The Kentucky Press Association met in Louisville Monday. Louis Landrum, of Lancaster, was elected president for ensuing year.
